Here's the one on Mountaire:

EPA and DNREC are working cooperatively to have Mountaire Farms supply a permanent alternate source of drinking water to residents in Millsboro, Delaware. Issuance of a DNREC Notice of Violation to the Mountaire Farms facility on November 2, 2017 placed Mountaire Farms in violation of an existing 2003 EPA 1431 Order on Consent to limit discharges that may contribute to levels of Nitrate in the ground water

Here's the one on PWSA. Let me know if you want to include any other specific detail that I left out to keep it short. Amy will have the Mountaire issue done momentarily.
